PAN-EUROPEAN UNIVERSITY APEIRON

BANJA LUKA

Prof. Dr. Sanel Jakupović

Dean of Faculty for business economics

Beijing, October 20, 2015

SUBJECT: Support Letter to organizers of the Fifth International Conference on Economic Development and Standard of Living EDASOL 2015, October 23, 2015, Banja Luka, Bosnia and Hercegovina

Respected Prof. Dr. Sanel Jakupović, Dear organizers and participants,

According to the Memorandum of Understanding (MOU) between Beijing Jiaotong University and Pan-European University Apeiron signed last October in Beijing, we have agreed to establish the partnership regarding scientific conferences. Therefore, we are very delighted to be one of the partners in co-organizing the Fifth International Scientific Conference on Economic Development and Standard of Living EDASOL 2015, which will take place on October 23, 2015 in Banja Luka.

Unfortunately, the organizing committee members, also the delegates from our university could not attend the conference because of procedure issues. However, we sincerely congratulate the official conference organizers, the Pan-European University Apeiron, the conference Chairs and all the committees for organizing and hosting such a prestigious scientific event in Banja Luka, Bosnia and Herzegovina.

It's my great pleasure to bring together to this conference the renowned universities, scientific institutions, delegates and guests from all over the world to exchange their significant scientific expertise and achieve successful conclusions. The outcomes will be both rewarding and challenging.

I wish the Fifth International Scientific Conference on Economic Development and Standard of Living EDASOL 2015 a great success and may all participants a pleasant stay in Banja Luka.

Sincerely Yours,

Prof. DONG Hairong

Deputy Director of Office of International Affairs
Beijing Jiaotong University
